## SPRING NEWSLETTER

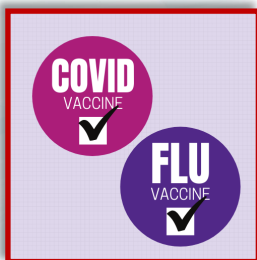

**April 2025**

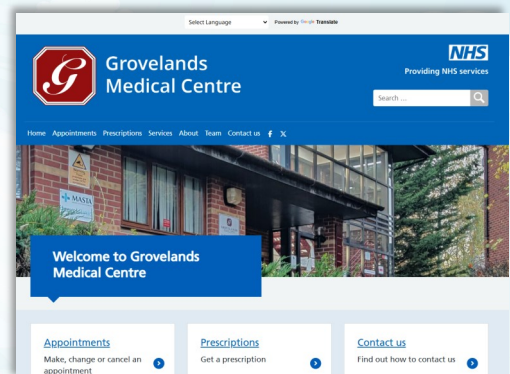

**ISSUE. 14**

### Covid Spring Boosters

As part of the Covid Spring Booster vaccination programme, we held 3 weekday clinics for eligible patients. Local pharmacies are also offering this service.

### New website

We launched our new website on 27th March 2025. Patients are still able to access the website as they did prior to the update. The new website contains a new layout, that we hope will help patients navigate smoothly.

### Information

We are deeply saddened to announce the passing of our colleague Stewart. We have placed a memorial book in the waiting room, for any patients wishing to offer their condolences.

### Statistics

Over the last 3 months we have had 526 missed appointments. Average of 50 DNA (Did not Attend) / week. As a result, this equates to 99 hours which could have been allocated to patients who needed them.
